

Path Protector Plus[®] Return of Premium Term

The Best of Both Worlds!

Return of Premium Term Life Insurance

Path Protector Plus[®] Return of Premium Term Life offers you the best of both worlds – life protection if you need it, and money back if you don't.

Here's how it works:

Illinois Mutual's Return of Premium Term is available for death benefits of \$50,000 to \$500,000 and initial terms of 20 years, 30 years or To Age 65. Issue ages are 18 to 60; however, term length availability will vary by age and tobacco use. If the policy is in force when the initial term period ends and its terms have been met, 100% of the returnable premium will be paid back to you as an endowment benefit.

The maximum returnable premium amount is the sum of the annual premiums we expect you to pay from the time you first purchase the policy through the last day of the initial term period. Returnable premium does not include additional premiums paid for riders, rated policies, policy fees, and modal administrative fees.

The endowment benefit will be reduced by any outstanding loans or liens, including paid Accelerated Death Benefits, and accrued interest.

The endowment benefit can be used for whatever you need – from providing cash to help you make the transition to retirement to helping with a mortgage or business loan payoffs.
